

Theft Protection Guarantee Program

Security Networks stands by its products and services. The Security Networks Theft Protection Guarantee Program is included as part of your monitoring service. It is our way of demonstrating our commitment to you, our valued customer. Security Networks will reimburse your paid insurance deductible up to \$1000.00 maximum if you have a property loss due to a burglary while being monitored by Security Networks. It's what you would expect from Security Networks; providing peace of mind for your home and business.

HERE'S HOW IT WORKS

- If you have a property loss due to a burglary while being monitored, we will reimburse your paid insurance deductible up to \$1000.00. As long as your total loss exceeds your insurance deductible, we will reimburse that deductible amount, with a limit of two reimbursements in any consecutive 12-month period.
- All you have to do is stay current on your monthly service fees. Security Networks will only reimburse you under the program if, at the time of your loss, you are current under the terms and payment schedule of your service agreement.
- Within 60 days of paying your deductible, send us a copy of the insurance claim you filed in connection with your loss, along with a copy of your insurance policy stating the deductible. We will also need a copy of the police report concerning the loss for which you paid the deductible.
